Description of Utility Relocation or Adjustments and Existing Major Structures Involved in the Project

Utilities will be identified and any relocation needed will be adjusted prior to the construction.

### FAA Involvement

Is any airport located within 3.2 kilometers (2 miles) of the proposed project? ☐ Yes ☒ No

Remarks

Remarks

This project has been reviewed by the legislative body of the administration agency or agencies, or it's designee, and is not inconsistent with the agency's comprehensive plan for community development.

Date \_\_\_\_\_ Agency  
 By \_\_\_\_\_ Mayor/Chairperson

**Description of Proposed Work:**

Placement of safety guardrail. The location of the placement of safety guardrail are sites where the side slopes are adjacent to steep embankments or other obstacles.

The original proposed project locations were on Fowler Road, South Fork Road, Rixon Road, Smith Creek Road, and North River Rd. 720 LF and 2 end terminals of guardrail on Rixon and 424 LF and 4 end terminals of guardrail on North River Rd were removed to avoid a need for ROW acquisitions or conflict with driveways installed after the project was proposed. 2470 LF and 6 terminals of guardrail on Smith Creek Rd were removed due to lack of existing shoulder for guardrail installation (some due to slide areas during the 2021 storm event). Replacements of roughly equal cost and safety benefits were identified. Replacement of a non-flared terminal on Monohon Landing Rd, 25 LF of guardrail replacement on South Bend-Palix Rd, terminal replacement on Parpala RD, 317 LF and 4 terminals of guardrail on Green Creek Rd, 667LF and 6 terminals of guardrail on Mill Creek Rd, 330 LF and 2 terminals of guardrail on Ward Creek Rd, addition of 37LF and 2 terminals of guardrail to that already proposed on South Fork Rd, and replacement of 75 LF of guardrail and 2 terminal end on Sandridge Rd were selected, based on cost, safety concerns, and accident history.

The categorical exclusions from 23 CFR 771.117 from the Local Agency NEPA Exclusions a Guidebook for Local Agencies that fits this projects is (22) the work will take place within the road prism.

Per 23 CFR Part 452(l) the subsequent project phase in the STIP is construction.

**Subject:** FW: [EXTERNAL] Scope Change Request Letter - 2020 Safety Guardrail - Federal Aid No. HSIP-000S(541)

Good morning.

Pacific County is working through scope changes for two projects:

- 2020 Safety Guardrail – Federal Aid No. HSIP-000S(541)
- 2020 Safety Signing – Federal Aid No. HSIP-000S(538)

The reason for the scope changes is that when originally scoped, each of these projects included work outside of the Right of Way, along with other issues. The County is working at this time to get these two projects obligated, and have a revised approved NEPA CE that shows the change in work. Please review for approval the scope change in the attached letter so that Pacific County can move forward with submitting revised prospectus and LAAS to obligate the project for construction.

Let me know if you have any questions. This request is for HSIP-000S(541).

Rob
