The provisions of the "Treatment of Assets" clause shall apply in such property transfer.

COMMERCE shall pay to the Contractor the agreed upon price, if separately stated, for completed work and services accepted by COMMERCE, and the amount agreed upon by the Contractor and COMMERCE for (i) completed work and services for which no separate price is stated, (ii) partially completed work and services, (iii) other property or services that are accepted by COMMERCE, and (iv) the protection and preservation of property, unless the termination is for default, in which case the Authorized Representative shall determine the extent of the liability of COMMERCE. Failure to agree with such determination shall be a dispute within the meaning of the "Disputes" clause of this contract. COMMERCE may withhold from any amounts due the Contractor such sum as the Authorized Representative determines to be necessary to protect COMMERCE against potential loss or liability.

- E. Transfer title to COMMERCE and deliver in the manner, at the times, and to the extent directed by the Authorized Representative any property which, if the contract had been completed, would have been required to be furnished to COMMERCE;
- F. Complete performance of such part of the work as shall not have been terminated by the Authorized Representative; and
- G. Take such action as may be necessary, or as the Authorized Representative may direct, for the protection and preservation of the property related to this contract, which is in the possession of the Contractor and in which COMMERCE has or may acquire an interest.

Attachment A: Scope of Work

Tasks / Actions / Deliverables	Description	End Date
Task 1 Housing Research	Research. Assessment of Pacific County housing development needs and opportunities requires research on housing inventory and County-wide ordinances. is particularly challenged to provide a range of affordable housing choices. The demand for housing is increasing both as our resident population grows and wage/income disparity fails to keep up with housing costs. Workforce housing is an increasing concern for area businesses. The attraction of Pacific County as a vacation destination both for short-term holiday renters and vacation-home buyers further pressures the availability of housing options.	April 30, 2023
Task 1.1 Under -Resourced Property and manufactured housing inventory	One strategy for increasing the housing stock across Pacific County to meet demand from low- to middle-income buyers and renters is to refurbish, replace, or re-purpose existing residential properties that are abandoned, foreclosed, in need of repair or rehabilitation, or only used seasonally. Identifying properties in need of refurbishment or deserving of replacement is a fast-path to opportunities for investment in new and quality housing on these sites. Outcome: Database identifying parcels with assessment of physical characteristics, valuation, and condition of properties in each of four municipalities (Long Beach, Ilwaco, South Bend, Raymond) and in unincorporated Pacific County.	December 31, 2022
Deliverable 1	Property and manufactured housing inventory	December 31, 2022
Task 1.2 Housing Ordinance Review and grid comparison (State/County/ Municipalities)	Building codes and zoning ordinances imposed by municipalities and county can significantly influence development construction costs. The time and fees required for permitting and plan reviews may lead to increased financing costs, delayed construction starts, and unforeseen fees for permits and inspections. Regulatory predictability, consistency, and flexibility in oversight processes	December 31, 2022

	<p>will contribute to private sector willingness to invest in workforce housing. All municipalities and county include goals to review and amend any development regulations that unnecessarily add to housing costs, development time, or otherwise constrain innovative housing solutions.</p> <p>This project will assess city and county development ordinances related to housing, specifically those impacting density (multi-family dwellings), affordability, and zoning</p> <ul style="list-style-type: none"> • Zoning • Permitting • Use • ADUs • Short-term Rentals • Developer Incentives • Development fees • Developer constraints <p>Outcome: Comparison of ordinances across jurisdictions (municipalities of Long Beach, Ilwaco, South Bend, and Raymond, plus Pacific County).</p>	
Deliverable 2	Housing Ordinance Review and grid comparison (State/County/ Municipalities)	December 31, 2022
Task 1.3 Housing Ordinance Case Studies and Analysis	Housing Ordinance Case Studies and Analysis of the Task 1.2 outcomes. Compare local statutes with progressive jurisdictions (relative to workforce housing development). Generate recommendations for consideration to County and municipalities- suggesting differences in language, scope, and gaps to enable local cities to consider amendments to encourage housing development.	April 30, 2023
Deliverable 3	Housing Ordinance Case Studies and Analysis	April 30, 2023
Task 2	Complete Housing Needs Assessment Support Tasks	
Task 2.1 Municipality UGA Adjustment Analysis	<p>Explore UGA amendment and/or areas swap per new GMA statute.</p> <p>The recently-passed SB 5593 (2022) enacts changes the Growth Management Act (GMA) to adjust an urban growth area to include new adjacent areas that are more appropriate for development while removing an equivalently-sized</p>	June 30, 2023

	<p>area less desirable for development (RCW 36.70A.110)¹. The appeal of added land areas within municipal UGAs (supported by municipal water, sewer, transportation, and utilities infrastructure) is significant relative to zoning densities for new housing, potentially creating new lots for development or conversion of existing properties zoning towards increased densities or development flexibility.</p> <p>Outcome: Four municipal UGAs (Long Beach, Ilwaco, South Bend, and Raymond) and one county UGA (Seaview) are to be examined to propose additions/subtractions.</p>	
Deliverable 4	Municipality UGA Adjustment Analysis	June 30, 2023
Task 2.2 Land Capacity Analysis	<p>Complete a Land Capacity Analysis. A "Housing Needs Assessment" (HNA) includes a "Land Capacity Analysis" (LCA) as a necessary component. The Land Capacity Analysis is a methodology conducted by counties and cities to determine the amount of vacant, partially used, and under-utilized lands, as well as the redevelopment potential of built properties, to accommodate growth. This process identifies the potential for land within a community's boundaries to accommodate anticipated housing growth, given its current zoning restrictions. Analysis is typically conducted with Geographic Information System (GIS) and should consider capacity by housing type: single family, 2-3-4-plex, and multifamily units. Counties and cities use a LCA to determine if the existing Urban Growth Areas (UGAs) can accommodate twenty years of urban growth.</p>	June 30, 2023
Deliverable 5	Land Capacity Analysis	June 30, 2023
Task 3	Housing Needs Assessment	
Complete a Pacific County Housing Needs Assessment	Pacific County municipalities (Long Beach, Ilwaco, South Bend, and Raymond) and the county itself completed their most recent Comprehensive Plan	June 30, 2023

	<p>updates prior to the COVID pandemic and are unreflective of the pandemic-linked surge in home prices and rents. Pressures on affordable housing availability in Pacific County are compounded by its historical popularity as an ocean-side tourist destination with significant demand for vacation and seasonal homes. The COVID pandemic further compounded the shortage of affordable housing as remote workers from across the country were attracted by relatively inexpensive housing compared to larger metropolitan areas.</p> <p>U.S. Census historical data likely lags the recent 2020-2022 price increases and population growth pressures experienced throughout the county. Insights into current housing availability and affordability are being sought with this HNA exercise.</p> <p>Outcome: Formal housing needs assessment to utilize in generating a housing action plan, and update comprehensive planning.</p>

Task 4	Preliminary Feasibility Study	June 30, 2023
Willapa Bay Ferry Feasibility	<p>Preliminary Feasibility Study. A pedestrian and bike ferry to connect the Port of Peninsula in Nahcotta with the Tokeland Marina (and possibly Bay Center or South Bend) would complete a round-the-county tourism trail. Such a ferry business has been broadly supported by the community, and is anticipated to generate increased economic activity, but no formal feasibility study has documented its merits, risks, nor financial modeling. A proforma business plan needs be developed to detail breakeven scenarios of a successful small capacity boat service able to commercially operate between ports.</p>	June 30, 2023
